Customer information under the Swiss Insurance Contract Act (ICA)

The following customer information provides a concise overview of the insurer's identity and the material content of the insurance contract (Article 3 of the Swiss Insurance Contract Act – ICA). Only the insurance policy and General terms and conditions of insurance (GTC) are authoritative for the content and scope of the rights and obligations derived from the insurance contract.

Who is the insurer?

The insurer is AWP P&C S.A., Saint-Ouen (Paris), Wallisellen Branch (Switzerland), hereinafter referred to as Allianz Travel. The company headquarters are at Richtiplatz 1, 8304 Wallisellen. The insurer for the legal protection insurance components is CAP Legal Protection Insurance Company Ltd. based at Neue Winterthurerstrasse 88, 8304 Wallisellen.

Who is the policyholder?

The policyholder is the person designated as such in the insurance policy.

What risks are insured and what is the scope of the cover?

The insured risks under the respective contract, scope of the cover and the cover restrictions are set out in the insurance policy and General terms and conditions of insurance (GTC). The following is a summary of the various insurance components offered, provided for ease of understanding:

Cancellation costs

- Assumption of the cancellation costs owed by the insured person if the booked trip is cancelled as a result of serious illness, a serious accident, death or another event that is listed as insured in the GTC. If the trip starts late due to an insured event, the additional costs of the trip will be assumed and any missed part of the stay will be covered (max. up to the equivalent to the cancellation costs) instead of the benefits referred to above.

Medical assistance

- Organisation and assumption of the costs of transfer to the nearest hospital, repatriation under medical supervision to a hospital near the place of residence, the extra return journey without medical accompaniment to the place of residence, supervision of any accompanying minors or a hospital visit for another person as a result of serious illness, a serious accident, complications of pregnancy or the unexpected worsening of a chronic illness.

Travel assistance

- Organisation and assumption of the costs of the extra return journey, temporary return journey or onward journey for the insured person as a result of serious illness, a serious accident, death, complications of pregnancy or the unexpected worsening of a chronic illness of an accompanying person, a non-travelling person who is closely related to the insured person or the deputy at work or as a result of another insured event listed in the GTC.

Assistance in the event of death

- Organisation and assumption of the costs of cremation outside the country of residence and return of the coffin or urn to the insured person's last place of residence. In the event of local burial, the accommodation costs of accompanying persons will be assumed instead of the benefits referred to above.

Search and rescue costs

- Assumption of search and rescue costs abroad if during the journey the insured person is deemed to be missing or needs to be rescued from a physical emergency.

Substitute journey

- Compensation in the form of a travel voucher to the value of the arrangement originally booked if the insured person has to terminate the trip prematurely due to repatriation under medical supervision or an extra return journey.

Flight delay

- Assumption of the additional costs incurred for a hotel, rebooking or telephone calls if a connecting flight is missed due to a delay of at least three hours for which the first airline is solely responsible.

Health care costs abroad

- Assumption of health care costs for emergency medical interventions to treat illnesses or accidents suffered by the insured person while travelling abroad. The insurance is considered as a follow-up insurance to the statutory social insurance system (health insurance, accident insurance etc.) and to any supplementary insurance policies. This cover only applies to persons up to their 81st birthday.

Collision damage waiver for rental vehicles (CDW)

- Assumption of the costs of the excess contractually owed by the insured person as a result of damage to the rental vehicle.

Pupil and student protection

- Assumption of the cancellation costs owed by the insured person in the event of cancellation of the booked trip as a result of a failure to move up a year, resitting of a failed examination or another event that is listed as insured in the GTC. In the event of unexpected cancellation during the stay abroad of study courses, work experience, research or seminars originally confirmed in writing or another event that is listed as insured in the GTC, the extra return journey will be organised and the related costs assumed instead of the benefits referred to above. This cover only applies to persons up to their 26th birthday.

Cash and bank account protection

- Assumption of financial losses caused by third parties during a trip abroad as a result of misuse of an insured account, an insured card or an insured mobile device, provided the loss is not reimbursed some other way.

Breakdown and accident assistance

- Organisation and assumption of the costs of roadside assistance, towing or recovery as a result of a breakdown or accident involving a motor vehicle driven by the insured person.

Legal protection

- Assumption of legal protection exclusively in conjunction with trips undertaken outside Switzerland and the Principality of Liechtenstein.

Which persons are insured?

In the case of insurance policies with a term of one year (annual insurance policies), the insurance policy states whether the insurance cover applies to the policyholder alone (single person) or to the policyholder and the persons living with him/her in the same household as well as their minor children not living in the same household (family insurance policy), provided these are accompanying an insured person and their permanent place of residence is in Switzerland. The insured persons are in each case essentially set out in the insurance policy and the General terms and conditions of insurance (GTC).

Temporal and geographical scope of the insurance cover

The insurance cover basically applies worldwide during the insurance period. Local restrictions in the special provisions for the individual insurance components as well as economic or trade sanctions or embargoes of the United Nations, the European Union, the United States of America or Switzerland that contradict the insurance cover remain reserved.

The following list contains only the most important insurance cover exclusions. Further exclusions are contained in the exclusionary clauses "Non-insured events and benefits" of the General terms and conditions of insurance as well as the ICA:

How much is the premium?

The amount of the premium depends on the risks insured and stipulated level of cover. The amount of the premium is defined with the application and results from the insurance policy.

When does the insurance begin and end?

The beginning and end of the insurance are defined in the application and detailed in the insurance policy. Insurance policies with a one-year term (annual insurance policies) are automatically extended by a further year at the end of the one-year contract term, provided neither the policyholder nor Allianz Travel issue notice in writing at the end of the term subject to a three-month notice period. Insurance contracts can be terminated early by giving notice, particularly in the following instances:

- following a claim event resulting in the provision of benefits by the insurer, provided the notice given by the insurer occurred no later than the time of the payout or resolution of the case (e.g. assistance/legal protection) or, by the policyholder, no later than 14 days after learning of the payment or resolution of the case;

- if the insurer changes the premiums. In this case, the insurer must receive the policyholder's termination notice no later than the last day prior to the premium amendment coming into effect;
 - termination by the insurer in the event of insurance fraud.
- This list contains only the main causes for termination. There are others set out in the General terms and conditions of insurance and the ICA.

How does Allianz Travel treat data?

When processing personal data essential to the transaction of insurance business, Allianz Travel observes the Swiss Data Protection Act (FADP). If necessary, Allianz Travel will use the claims form to obtain the necessary approval from the insured person to process the data.

The personal data processed by Allianz Travel includes data relating to the conclusion of the contract and the policy/claims handling. The information processed mainly comprises the policyholder's or insured person's details from the insurance application and the claims statement. In the interests of all

policyholders, data may also be exchanged with previous insurers and reinsurers within and outside Switzerland. Allianz Travel also processes personal data in connection with product enhancements as well as for its own marketing purposes.

In order to offer value-for-money comprehensive insurance cover, some of the benefits offered by Allianz Travel are provided by legally independent companies both domestically and abroad. These may be Allianz Group companies or cooperation partners. For the purposes of fulfilling its contractual obligations, Allianz Travel must exchange data both within and outside the group.

Allianz Travel stores data electronically or physically in compliance with the legal provisions.

Persons whose data is processed by Allianz Travel have the right, in accordance with the Data Protection Act (DPA), to ask what data concerning them Allianz Travel actually processes; they may also request the rectification of incorrect data.
